profiles AND The International Cocoa Awards 2015

The **Cocoa of Excellence Programme** is the entry point for farmers to participate in the **International Cocoa Awards**, the only competition of its kind recognizing the work of cocoa farmers and celebrating the diversity of cocoa flavours globally.

The **VISION** of the **Cocoa of Excellence Programme** is to achieve farmers'/producers' professionalization and long-term sustainability of the cocoa supply chain. This is through recognizing, preserving and valuing cocoa diversity and through promoting and providing global recognition of high quality cocoa.

The specific **OBJECTIVES** are to:

1. Develop **awareness** all along the supply chain on the opportunity to produce high quality cocoa, resulting from **genetic diversity**, **"terroir"** and **craftsmanship** of those who prepare cocoa;
2. Facilitate **linkages** between cocoa producers and operators in the supply chains (cocoa bean traders, chocolate manufacturers, etc.);
3. Expose and educate farmers, chocolate manufacturers and consumers to the **diversity of flavours** that exist in high quality cocoa;
4. Stimulate and increase capacity of **producing countries** to **recognize, seek out and preserve** quality and diversity in cocoa.

Results of the 2015 Edition:

- A total of **146 samples** were received from **35 countries**
- Of the 146 samples, **50 high quality cocoa samples** were selected, representing the best flavour quality diversity and the geographic and genetic origins of samples **were processed into chocolate**
- These chocolate samples were tasted blindly by a **professional jury of 26 chocolatiers and sensory evaluation experts**.
- Of the 50 chocolate samples, **17 International Cocoa Awards** were selected and celebrated at the Salon du Chocolat in Paris on Wednesday 28 October 2015.

Below is the information on **the 50 chocolate selected for the 2015 CoEx Edition, in order of countries and CoEx Codes**.
