

***Cocoa of Excellence Programme &
2017 Edition of the International Cocoa Awards***

Results of the 2017 Edition

**Contact details of the top 50 samples, flavour profiles
and the International Cocoa Awards**

*International Cocoa Awards celebrated at the Salon du Chocolat
Paris, on 30th October 2017*

Empowering a new generation of cocoa pioneers

*Recognizing quality, exceptional flavours & knowhow,
whilst preserving cacao diversity*

www.cocoaofexcellence.org

The Cocoa of Excellence Programme is the entry point for cocoa producers to participate in the **International Cocoa Awards**, a global competition recognizing the work of cocoa farmers and celebrating the diversity of cocoa flavours globally.

The **VISION** of the *Cocoa of Excellence* Programme is to achieve cocoa farmers' and producers' professionalization and long-term sustainability of the cocoa supply chain. It does this through recognizing, valuing and preserving cocoa diversity by providing global recognition of high quality cocoa.

The specific **OBJECTIVES** are to:

1. Increase *awareness* and promote education along the cocoa supply chain on the opportunity to produce high quality cocoa and preserve flavours resulting from *genetic diversity*, “terroir” and *know-how* of the farmers who prepare cocoa.
2. Facilitate communication and *linkages* between cocoa farmers and producers and operators in the supply chains
3. Stimulate and increase capacity of *producing countries* to *recognize*, seek out and *preserve* quality and diversity in cocoa

Results of the 2017 Edition:

- **40 producing countries** participated
- **166 samples** received
- **162 samples accepted**, processed into liquor and untempered chocolate and evaluated blindly by the CoEx Programme Technical Committee
- **50 high quality cocoa samples selected** and processed into tempered chocolate and moulded
- **41 chocolatiers and sensory evaluation experts** blindly evaluated the 50 chocolate samples
- **18 samples attributed an International Cocoa Award 2017**

This document aims to provide detailed information about the best **50 high quality samples** selected including the chocolate flavour profile and the contact details of the bean producers. The samples that received an **International Cocoa Award** are also included and clearly identified.
